Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide

to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

1) TRAVEL DAYS

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe air-conditioned touring vehicle for the long drives.

2) YELLOW FEVER

South Africa is to enforce new rules requiring proof of Yellow Fever vaccination for all travelers - even in airport transit - who have been in Zambia or other countries where the disease is endemic. The stricter guidelines, effective 01 Oct 2011, will see pax without an international Yellow Fever certificate refused entry.

3) COMBO TRIP

Please note that this trip is a combination of multiple G Adventures tours (Kruger and Cape Town). As such, the staff and/or particular vehicles operating your tour may change between tour segments. You may also expect some group members to join or leave the tour, between tour segments.

4) ACCOMMODATION

Please note, if you have not booked MOR (my own room) for this trip, you might be sharing a room for your stay in Cape Town, as well as for the rest of the tour. Please ask at check-in at the hotel in Cape Town if you will be sharing your room.

5) Water-wise tips when visiting Cape Town:

Cape Town is currently experiencing one of the worst droughts it has seen in over 100 years, and while we want you to have the best time possible while there, here are some tips to help reduce your water usage:

- Bring a reusable water bottle, that you can fill with Cape Town's tasty tap water.
- Reuse your towels in the hotel, for at least two days, before getting new ones.
- Keep your laundry until you have a full load to do, rather than just doing a handful of items.
- Turn off the tap when brushing your teeth, or shaving.
- Keep your showers to two minutes or less, and don't use the bath.
- Use hand sanitizer, instead of washing hands.

Group Leader Description

On this tour, you will be accompanied by a local Chief Experience Officer (CEO) in Cape Town and a different Chief Experience Officer (CEO)/driver for the Kruger portion. The Chief Experience Officer (CEO) will be the group manager/leader and driver- this person is a registered and licensed tourism guide, experienced in the routes travelled. You crew member has studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited. Most of our leaders in the region are from South Africa. As the group coordinator and manager, the aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. He/she will provide information on the places where you are travelling, and will take care of the small things so you can concentrate on enjoying your adventure. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Safari guides at the lodge (wildlife safari drives): All safari guides are certified safari guides, and are of course very skilled and experienced drivers. With years of experience taking wildlife seekers into the wildlife parks of Kruger National Park and surrounding Private Reserves, our local safari guides are exactly what will make your safari a success.

What to Take

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labeled and restricted to one soft compact suitcase, or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable.

The Southern Hemisphere essentially has the opposite weather to the Northern Hemisphere. The winter months of June, July and August, whilst clear and warm during the day (up to 25 degrees), can drop down to single figures and even below freezing at night. Between September and May it is considerably warmer with the time between October and March being the hottest, getting up to the high 30C and sometimes above. However it is always a dry heat and the temperature does drop at night. The wet season is between November and February, but this is not a bad time to go, as it generally does not rain for very long. We strongly recommend lots of layers to wear from the start of the day until the night. You might still need to wear a fleece jacket in the mornings, a t-shirt during the day and again the fleece jacket at sunset time. A woolen hat is also very much recommendable for the cold winter's early morning wildlife safari drives.

Please double check with your agent and/or visa agent what the visa requirements is for each country that you will be traveling to. Some countries do require that you get your visa before arrival. Detailed Trip Notes

TRIP SPECIFIC DETAILS

REGIONAL INFORMATION

Climate

Southern Africa is renowned for its excellent outdoor living climate. The winter months are from May to September and are characterized by cold nights and pleasant days. Summer is from October to April and starts off with increasing dry heat and dust. Rains generally only start from mid to late December and last until March; this period is hot and humid.

Local Currency

South African Rand is the best currency to use in South Africa.

KRUGER NATIONAL PARK

The world-renowned Kruger National Park offers a wildlife experience that ranks with the best in Africa.

Established in 1898 to protect the wildlife of the South African Lowveld, this national park of nearly 2 million hectares, SANParks - Kruger National Park is unrivalled in the diversity of its life forms and a world leader in advanced environmental management techniques and policies.

FAUNA AND FLORA

Approximately 145 mammal species occur in the park. It is possible to see all the classical African wildlife, including elephant, black and white rhino, hippopotamus, giraffe, zebra, buffalo, warthog and many antelope species.

Large carnivores include lion, leopard, cheetah, wild dog and spotted hyena.

There are also many smaller mammals.

Kruger has a list of almost 500 species of birds, some of which are not to be found elsewhere in South Africa.

Hornbills, Starlings, Vultures, Rollers, Bee-eaters and Shrikes are found here birdwatchers can look forward to pursuing the big 6 (Saddle-billed Stork, Kori Bustard, Martial Eagle, Lappet-faced Vulture, Pel's Fishing Owl and Ground Hornbill).

The far north of the park (Pafuri and Punda Maria regions) is regarded as one of the birding Mecca's of the country (with many regional rarities to be found), yet birding throughout the entire park is excellent.

Eagles are common: Bateleur, Martial, Black-breasted Snake, Brown Snake, African Hawk, African Fish and Tawny are all regularly seen, and in summer: Wahlberg's, Steppe, Lesser Spotted.

The Park's numerous water points make for excellent bird watching, while the rest camps and picnic sites are exceptionally rewarding for birders.

VEGETATION

With Kruger being so vast it naturally has a tremendous botanic diversity. Simplistically the park can be divided into 16 macro ecozones.

The northern half of the park, north of the Olifants River is predominantly mopane veld, while south of the Olifants the ecozones are thornveld. There are 336 tree species in the park.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

NOTE: Simbavati River Lodge has credit card facilities.

The easiest way is to withdraw money at the ATM airport (see below).

The currency in South Africa is the South African Rand (ZAR).

Rand can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not

accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$7-10 USD (per day)

Driver: \$5-8 USD (per day)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Optional Activities

Please see the itinerary for information on optional activities, descriptions and estimated pricing.

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Trip Specific Safety

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you.

Vital Information when you are staying the KNP or any Reserve: Please ensure that your stay is happy and safe by taking note of a few simple warnings. You will be sharing your stay with many exciting and unusual creatures but without knowledge some of them could be dangerous: Example: Bats, Spiders, Snakes, Scorpions, Malaria Zone. If you must walk around at night please DO NOT DO SO WITHOUT A TORCH. Remember: by feeding any wildlife, you are signing their death warrant as they become aggressive!

Medical Form

Our small group adventures bring together people of all ages. It is very important you are aware that, as a minimum, an average level of fitness and mobility' is required to undertake our easiest programs. Travellers must be able to walk without the aid of another person, climb 3-4 flights of stairs, step on and off small boats, and carry their own luggage at a minimum. Travellers with a pre-existing medical condition are required to complete a short medical questionnaire, which must be signed by their physician. This is to ensure that travellers have the necessary fitness and mobility to comfortably complete their chosen trip. While our CEOs work hard to ensure that all our travellers are catered for equally, it is not their responsibility to help individuals who cannot complete the day's activities unaided. Please refer to the physical ratings in this Trip Details document for more information.

The medical questionnaire can be found online at:

www.gadventures.com/medical-form.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
